

FUNNY HATS

Matthew Grima 5.1A

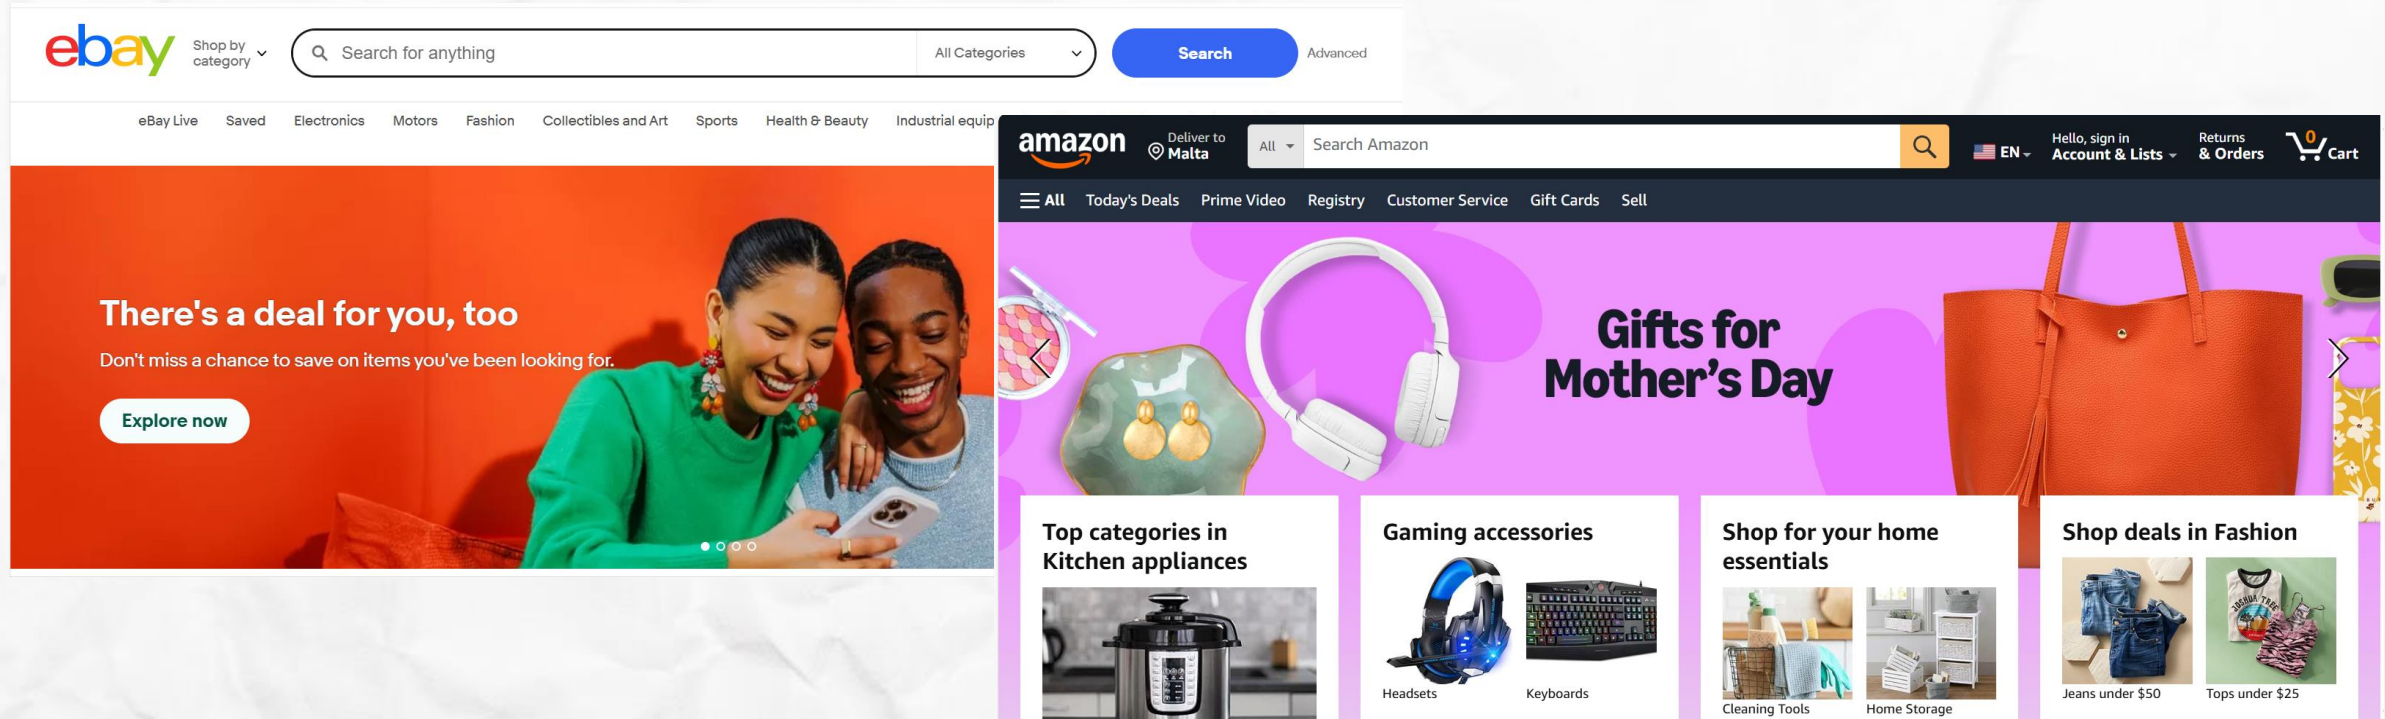

What the website is about?

- The website simply revolves around people showing off hats they made for fun and put them here in order for others to see.
- You can also create and show other things like masks and wigs.

How this website will look like:

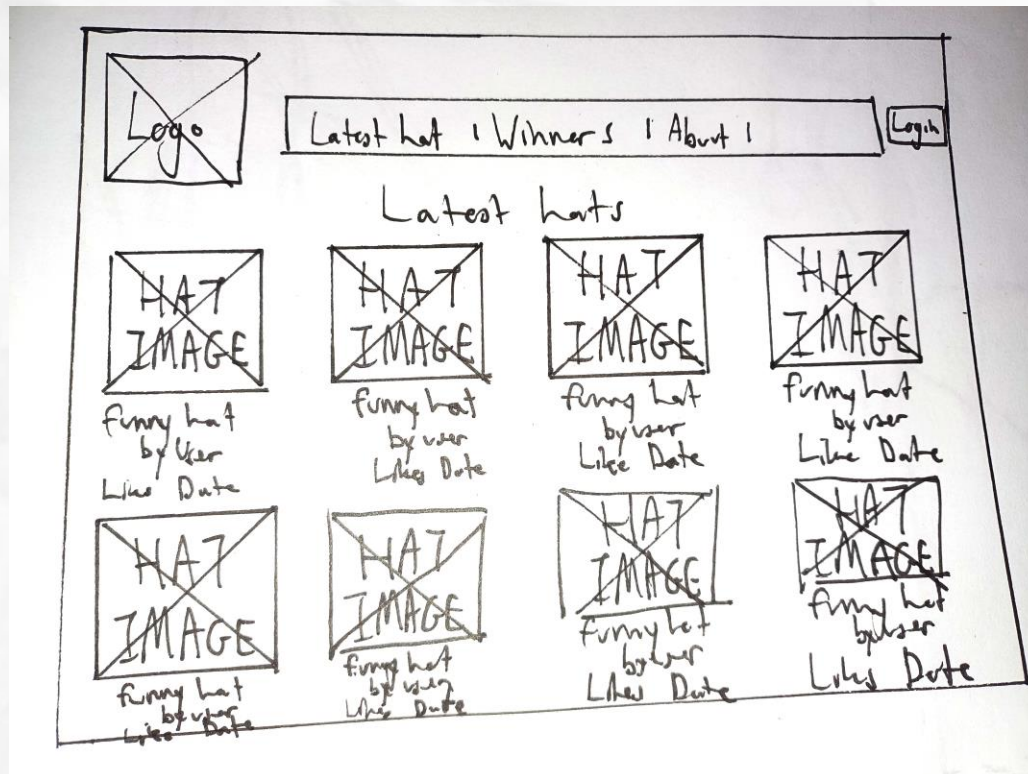

- I will be using eBay and other shopping sites as inspiration for the website's design.
- It will include the Frontpage ("Latest Hats" page), the "Winners" page and the "About" page.

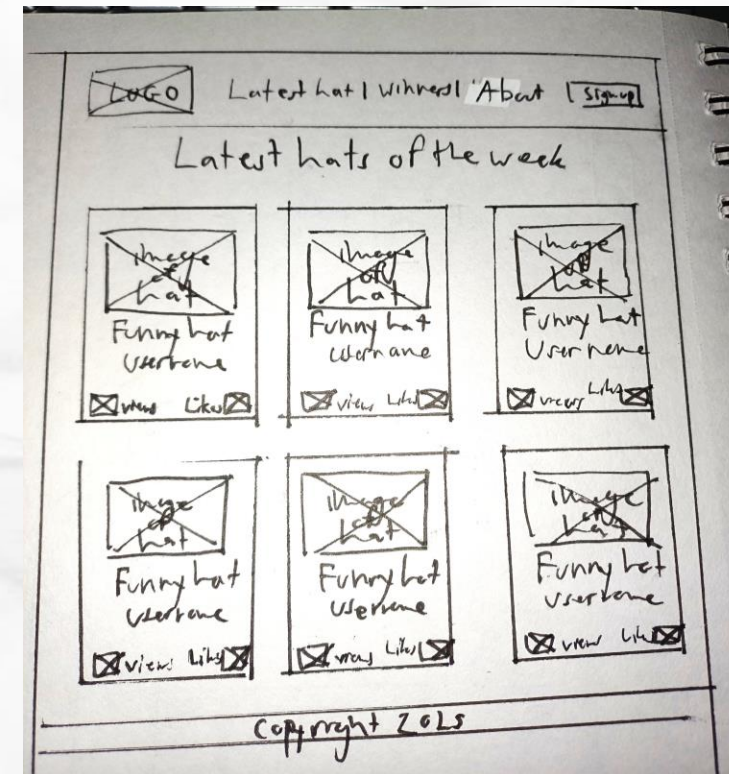

The following are low-fidelity wireframes
produced for this website.

"Latest Hats" page: Here you will find a selection of hats that people have made recently.

1st wireframe

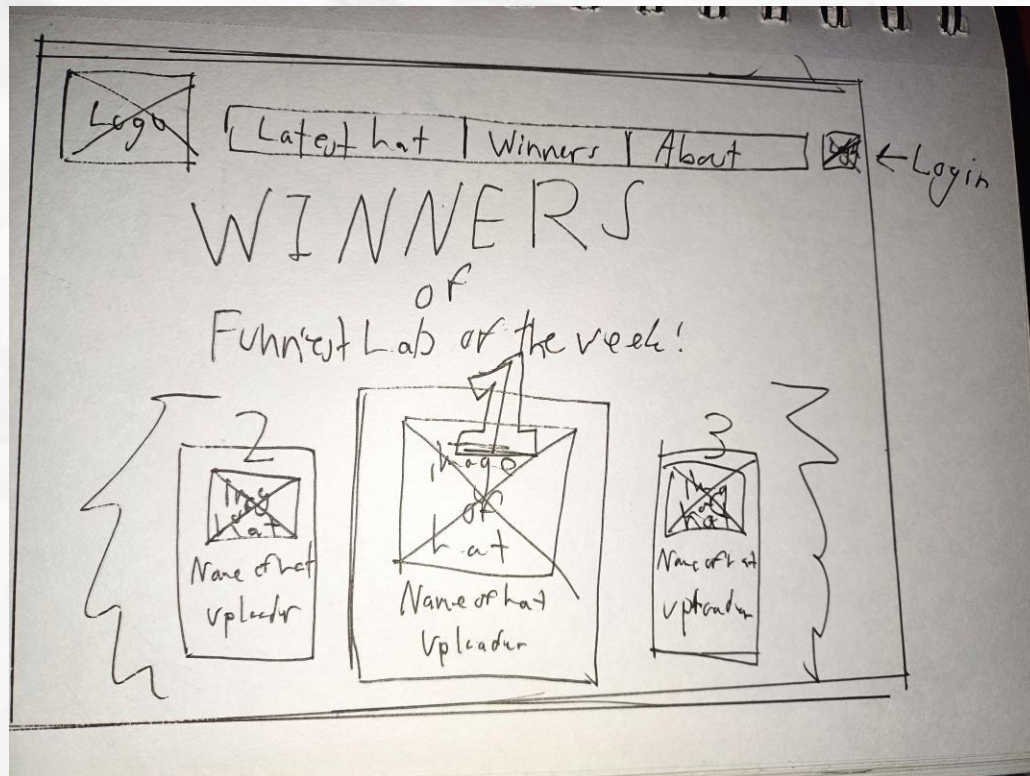

2nd wireframe

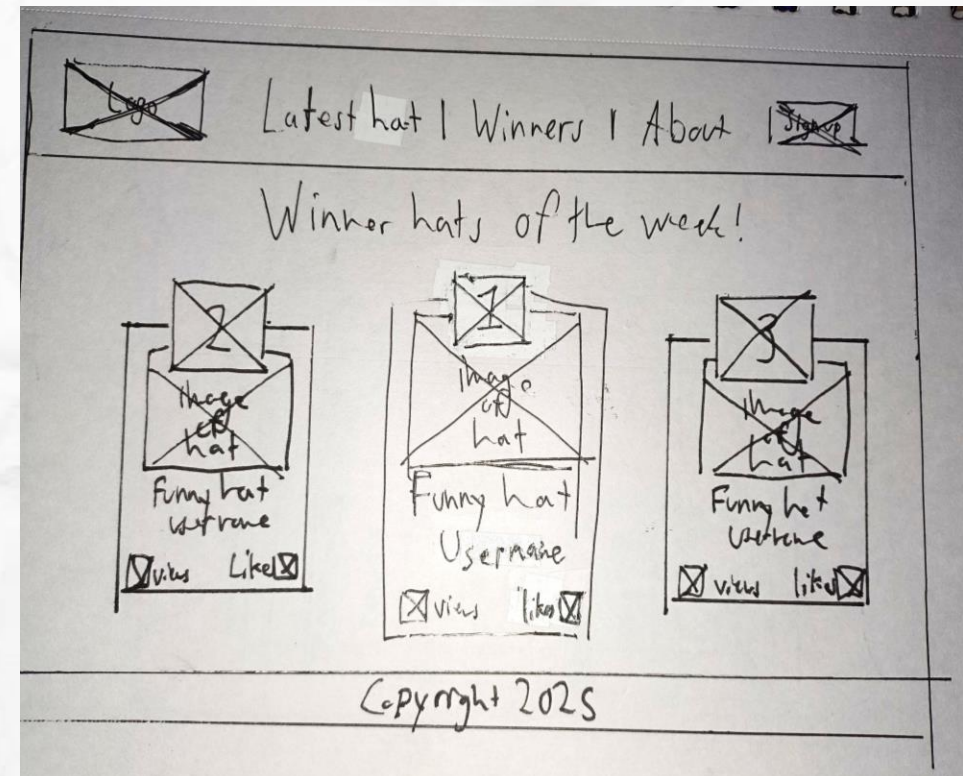

"Winners" Page: This is where the most liked hats get ranked

1st wireframe

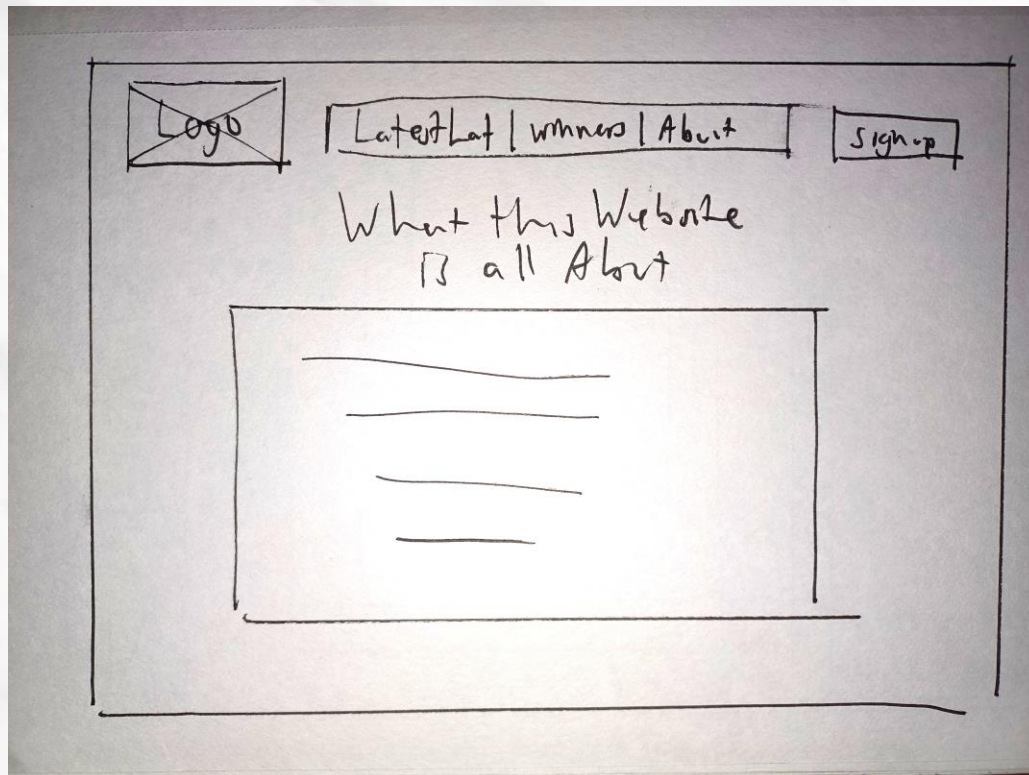

2nd wireframe

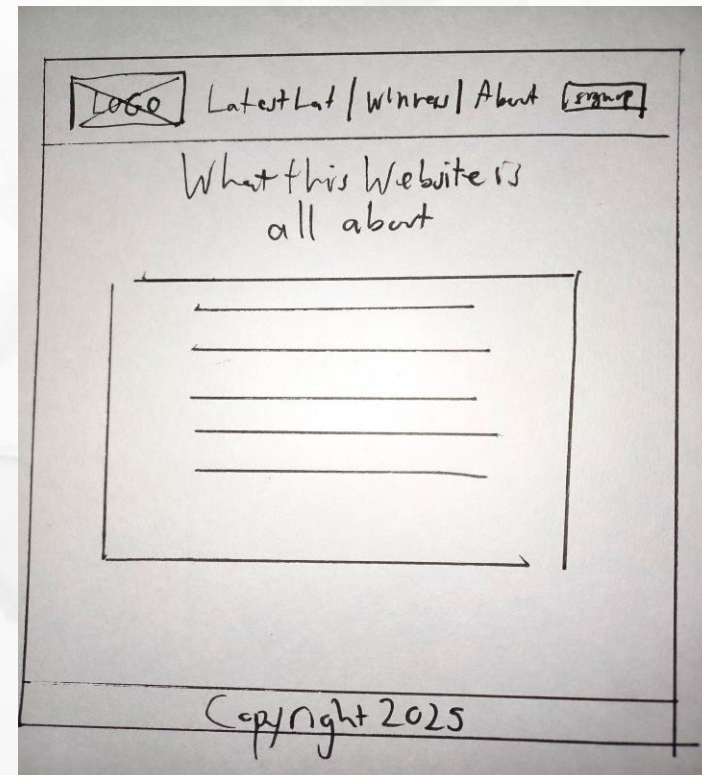

"About" Page: This is where the user can learn and read about both the purpose and history of the website.

1st wireframe

2nd wireframe

"Sign Up" Page: This is where the user can create an account on this website.

1st wireframe

A hand-drawn wireframe for a sign-up page. At the top, there is a navigation bar containing a 'Logo' (represented by a box with an 'X'), links for 'Latest hat', 'Winners', 'About', and a 'Sign up' button (also a box with an 'X'). Below the navigation bar, the text 'Create account' is centered. Underneath, there is a form box containing two input fields: 'Username' and 'Email'. At the bottom of this form box is a 'Send' button. The entire page is enclosed in a rectangular border.

2nd wireframe

A hand-drawn wireframe for a sign-up page, similar to the first but with additional details. The navigation bar at the top includes a 'Logo' (box with 'X'), links for 'Latest hat', 'Winners', 'About', and a 'Sign up' button (box with 'X'). Below the navigation bar, the text 'Create Account' is centered. Underneath, there is a form box containing two input fields: 'Username' and 'Email'. At the bottom of this form box is a 'Send' button. At the very bottom of the page, below the form box, is the text 'Copyright 2025'. The entire page is enclosed in a rectangular border.

The following are medium-fidelity wireframes
produced for this website.
